

Photonenergy to TRUMPF Converter

Your bridge to continued laser marking success

Prolaso

What is it?

With the unfortunate closure of Photonenergy, we understand the challenges you face in ensuring your laser marking operations continue without interruption. That's why we've developed the Photonenergy to TRUMPF Conversion Tool, designed to migrate your existing data, labels, and scripts effortlessly to TRUMPF's reliable laser systems. Continue your laser marking operations seamlessly with all the benefits TRUMPF offers, without losing any of your existing work.

1. Seamless migration to TRUMPF

- **Instant compatibility:** Our tool automatically converts your Photonenergy laser data and designs into TRUMPF-compatible formats
- **Vectorization of all images:** Every image, no matter the original format, is automatically vectorized for precise laser marking
- **Quick transition:** Transition your designs and data in just a few simple steps—without the need for manual adjustments or rework

2. Effortless script and variable data conversion

- **Transfer of variables:** Keep your dynamic data with no effort, as all variables are transferred automatically to the TRUMPF system.
- **Zero manual work:** The tool does all the heavy lifting, so you can focus on production instead of worrying about data loss or system compatibility

3. Enhanced operational performance

- **Proven reliability:** TRUMPF offers industry-leading laser marking technology with years of trusted performance and unparalleled support
- **Ongoing support for transition:** We'll guide you every step of the way during the migration process, ensuring your switch to TRUMPF is as smooth and seamless as possible
- **Uninterrupted operations:** Get back to laser marking with minimal downtime and continue with your existing designs and processes

Simplify your workflow today

Choose Prolaso for smarter, faster and simpler laser marking

4. Financial benefits

- **Save time, save money:** By automating the conversion of your Photonenergy data to TRUMPF, you drastically reduce setup times and labor costs
- **Quick return to investment:** Once transitioned, you'll experience faster production times, fewer errors, and more efficient operations, leading to increased profitability
- **Long-term savings:** As you continue to use TRUMPF, the savings from automation, improved efficiency, and reduced errors will keep adding up

5. Easy and affordable transition

- **Low-cost, fast setup:** Our conversion tool is cost-effective, fast to implement, and delivers immediate benefits
- **No training hassles:** The transition is smooth and simple, with minimal learning curve for your team. we make sure you're ready to use trumpf from day one

Transitioning from Photonenergy to TRUMPF has never been easier. With our Photonenergy to TRUMPF Conversion Tool, you can migrate your designs, images, scripts, and variables automatically, saving time, reducing errors, and ensuring continued productivity. Let us help you move forward with confidence, backed by TRUMPF's advanced laser technology.

**Make the smart switch to TRUMPF today!
